

Grados de los vértices:

$$\deg(1) = 3 \quad (\text{vecinos: } 2, 3, 4)$$

$$\deg(2) = 1 \quad (\text{vecino: } 1)$$

$$\deg(3) = 1 \quad (\text{vecino: } 1)$$

$$\deg(4) = 2 \quad (\text{vecinos: } 1, 5)$$

$$\deg(5) = 1 \quad (\text{vecino: } 4)$$
